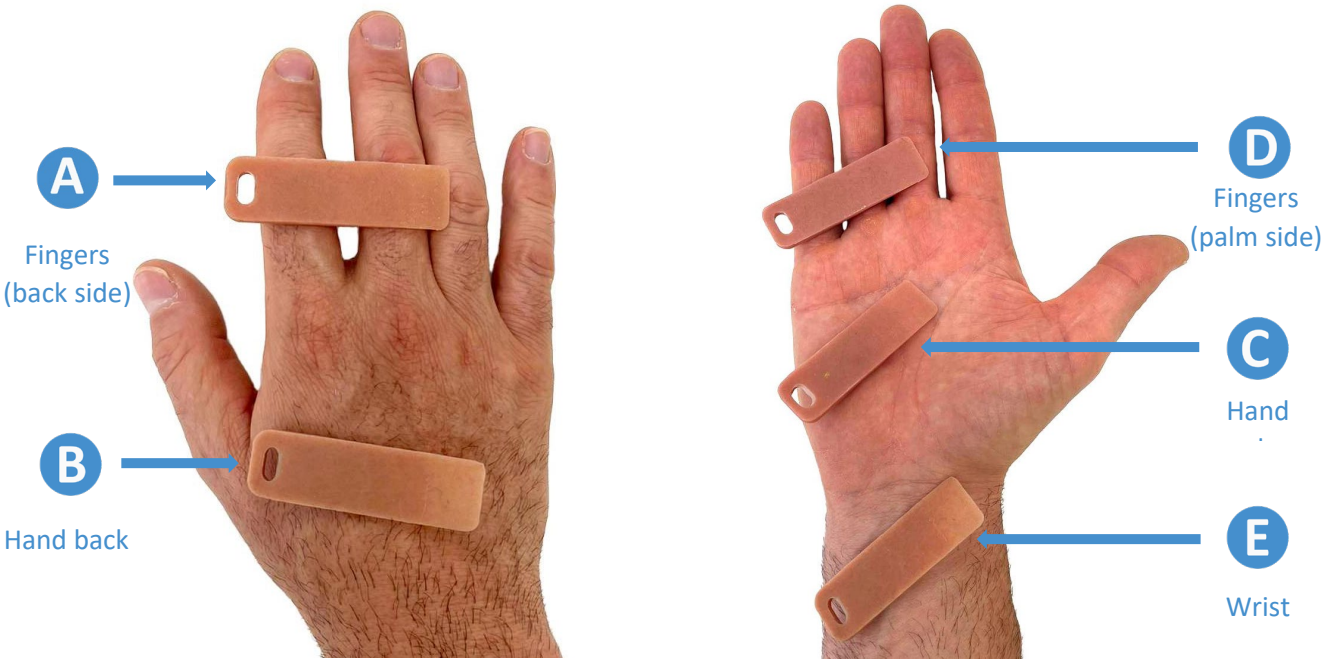
How to complete the order of your Adam's Skin Advanced or Individual Glove

Follow the instructions below to choose the glove colors:

1. Place our **Complete Color Swatch (CS02)** on the palm and on the back of the user's contralateral limb, as shown in the following photos, and fill in the table below with the codes of the **colors samples** (I01 - I24) and the corresponding **color strength*** which best match user's skin tones:

a. in case you want to order the **Advanced (A0)** glove, indicate the codes of the **3 colors samples** in positions **A**, **B** and **C** in the images below with the corresponding **color strength**;

b. in case you want to order the **Individual (I0)** glove, indicate the codes of the **5 colors samples** in positions **A**, **B**, **C**, **D** and **E** in the images below with the corresponding **color strength**.



☐ **Include hair**

(only for Individual glove)

INDIVIDUAL (5 colors)

INDIVIDUAL (5 colors)

2. Place user's contralateral limb **on a white sheet of paper in a well-lit environment**, and take the following photos, in order to guide us when manufacturing the glove:

A - Hand palm

B - Hand back

C - Hand internal side

D - Hand external side

E - Fingers - detail

F - Thumb - detail

Notes:

- compared to the Advanced glove, the Individual one also reports particulars such as **blood vessels**, **freckles, hair (if selected)** and **similar details**. Please, in addition to the previous photos, **take any other photo which can help us to better define these details.**
- In case the user is a bilateral amputee, take **two photos of the front and the back of his/her stump.**

3. E-mail us the photos taken at point 2. together with the filled order form.
